Moving the planet day - updates

Issue 55

Have a look at www.moving-planet.org/ideas for ideas of what might be done on September 24th for this day of global acting and linking on climate change.

Pictures from 2010 global day of action

“Moving Planet is a worldwide rally to demand solutions to the climate crisis—a single day to move away from fossil fuels. For too long, our leaders have denied and delayed, compromised and caved. That era must come to an end. Come on bike, on skates, on a board, or just on foot. Come with your neighbours and your friends, your family and your co-workers. Come be part of something huge. It's time to get moving on the climate crisis.”

A page of books to help children and everybody in your meeting think about how we can sustain the earth – our home. All are available from the Quaker Bookshop 0207 663 1030
